Dear Keystone First OB/GYN Provider,

Keystone First is making the following changes to the Maternity Quality Enhancement Program (MQEP) for the 2024 program.

The Quality Performance and Health Equity components will still consist of the following two HEDIS® based measures:

- Prenatal Care in the First Trimester
- Postpartum Care

The following Performance component has been updated as follows:

- Obstetrical Needs Assessment Forms (ONAF) Component and Outreach incentive – OB/GYN groups will be incentivized for the timely and accurate electronic submission for the complete series of the ONAF forms and will receive a payment during the 4th and final settlement of the program year.

An updated MQEP manual is currently being developed. We will notify you when it is available and posted on the Provider website.

****Please note Providers will be evaluated on these HEDIS® measures through the 2024 calendar year. Keystone First will continue to settle this program by the following schedule:**

Settlement	Deliveries	Claims Paid Through	Payment Date
2024a	30	6/30/2024	9/1/2024
2024b	40	9/30/2024	12/1/2024
2024c	40	12/31/2024	3/1/2025
